Delphi Falls County Park Closed Due to Construction

WAMPSVILLE, NY – Delphi Falls County Park in Madison County will be closed due to construction beginning June 1, 2023. This closure will allow contractors to work on the new ADA overlook of the lower falls. The park is expected to re-open by the end of the month.

This closure is all part of the Phase 1 improvements being made to Delphi Falls County Park. About a year ago, the park began undergoing numerous upgrades that are intended to increase the overall experience for visitors while keeping its natural beauty. Those upgrades include a new parking lot, restroom, ADA overlook of the lower falls and an upgraded entrance sign. Also, the rim trail with several overlooks is close to completion. In addition, a new bridge was constructed to connect both sides of the park.

Madison County's 2018 purchase of the 66-acre property was made possible by an extremely generous donation from Harold Jones, a retired Syracuse University professor. The park includes acres of woodland and riparian forest along the East Branch of Limestone Creek, steep gorge walls, and a two-tiered waterfall, the Upper (54 Feet) and Lower (62 feet). It is currently open year round from sun up to sun down for people to enjoy the majesty of the falls.

Delphi Falls County Park is located at 2006 Cardner Rd, New Woodstock, NY. For more information please visit www.madisoncounty.ny.gov or contact the Madison County Planning Department at 315-366-2376.
